Step number; 1	
Step title; find the spot	
screenshot; 	Description of step; find a place to build, this space has to be at least a 17x17x17 square space. Make sure the place you pick it something you like because this is where you are building the actual cube

Step Number: 2	
Step Title: base	
Screenshot(s): 	Description of Step: Build a 17 by 17 square out of black wool on the ground. This square will be the base of the rubix cube you will be building

Step number: 3	
Step title: frame	
<p>screenshot</p> 	<p>Description of step; building up from all four corners make a 17 block tall pole on all four corners make sure that he pole is 17 blocks tall including the corner block that was already there</p>

Step number; 4	
Step title; frame 2	
<p>screenshot;</p> 	<p>Description of step; connect all top blocks of all four poles, do not change the height of the poles so you will connect them. Make sure you do not add any blocks to the height of poles, only place the black wool on the sides of the existing poles.</p>

Step Number: 5
Step Title: Colors

Screenshot(s):

Description of Step: starting from the bottom row start by building a 3x3 flat square in the corner of the front face frame. Build another 3x3 square next to it with a one block space in between. Keep doing this until there are four 3x3 squares on the bottom. Build another row of 3x3 squares above it with a one block space in between. Keep repeating this step until there are 16 3x3 squares on the front side of the square. Now do this on all 6 sides. Except the bottom. For the colors you can use whatever color wool you like to do this step

Step Number: 6

Step Title: Filling in the spaces

Screenshot(s):

Description of Step: Fill in the blank spaces between the colored 3 by 3s with black wool on every side.
