

Place Bike Frame Here
(Can be adjusted to fit round frames
between 21-39 mm (.83"-1.53"))

1. Print this sheet at 'actual size', (Some will get cutoff but thats OK)
2. Place paper next to your bicycle frame where indicated
3. Check if:
 - If the BoosterPack will interfere with your bike frame anywhere.
 - If the semi-circle can be made to touch your rear tire.
